

To complement the dinner menu, our beverage program is an ode to the northeast. To us, this means forgoing traditional European wines and bar staples like citrus in exchange for more unique offerings from closer to home. We hope that this approach will encourage you to try something new, and learn a bit more about the beverage traditions of this area - both new and old - and the people shaping them.

HOUSE-MADE SOFT DRINKS

Juniper Tibicos · *light + herbaceous*

Maple Kombucha · *it's perfect*

Plum Whey Soda · *sweet + tart*
